PETERS' VEGETABLE PILLS.
HEADACHE--SICK OR NERVOUS.--Those who have suffered and are weary of suffering with this distressing complaint will find Peters' Vegetable Pills a remedy at once certain and immediate in its effects. One single dose of the pills taken soon as the headache is felt coming on, will cure it in one hour entirely.

As a remedy in summer and bowel complaints they display their wonderful powers to admiration, and are superior to any thing in use for these complaints.

In Dyspepsia and Liver complaints they stand unrivalled.

Many have been cured in a few weeks after having suffered under the dreadful complaint for years.

In habitual constiveness they are decidedly superior to any vegetable pill ever brought before the public, and one 50 cent box will establish their surprising virtues, and place them beyond the reach of doubt in the estimation of every individual.

They are invaluable in nervous and hypochondriacal affections, loss of appetite, and all complaints to which females alone are subject.

They are mild in their action and convey relief at immediate conviction of their utility from the first dose they may be taken by persons of any age, and the feeble, the infirm, the nervous and delicate are strengthened by their operation, because they clear the system of bad humors, quiet nervous irritability, and invariably produce sound health.

Upwards of three hundred and seventy thousand boxes of these estimable pills have been sold within the last twelve months in three states alone, and more than three times the same quantity in other states.

As an anti-bilious medicine no family should be without them. A single trial of them is more satisfactory than a thousand certificates.

In a southern climate, these Pills are administered with uniform success. For more than ten years the verdict of their efficiency has been pronounced; and could a jury of all they have relieved be summoned from the North, the South, the East, and the West, millions of voices would be heard in acclamation of their matchless properties. The child and the adult, the youth and decrepit old man--both in Asia and all ages--may alike take these Pills with safety and the certainty of relief. Price fifty cents per box.

THE N. Y. SATURDAY EMPORIUM
A Weekly Miscellaneous Journal of Literature, Agriculture, the Mechanic and Fine Arts, Political Economy, Criticism, Metropolitan Life, Domestic and Foreign News, Political and Commercial Intelligence, Statistics, Tales, Poetry, Music, Engravings, &c. &c.

NEUTRAL IN POLITICS & RELIGION.
EDITED BY EDWARD B. GREEN.

The subscribers have made arrangements to publish, in the City of New York, a Weekly Newspaper, under the title of the "SATURDAY EMPORIUM." It will be printed on a folio sheet of the largest dimensions, embracing thirty-six columns of reading matter. The quality of the paper and the typographical execution will be of the most superior character.

The first number will be issued on Saturday, June 30th, 1844.

As a full, comprehensive, miscellaneous newspaper, the Emporium shall not be surpassed by any other in the United States. It will embrace everything that can be brought within the range of the Newspaper, the Literature, the Letterwriter, the Poet, the Philosopher and Critic. It will present a daguerreotype view of Life as it is--Men as they are--Matters and Things as they seem; and nothing shall be wanting to make it a desirable

NEWSPAPER FOR FAMILIES.
as it shall be unexceptionable in all respects. It is intended to invest it with that kind of well written miscellany which will render it eminently calculated to supply the wants of both city and country readers--affording an agreeable amount of choice variety, with matter of a more solid and important character.

The editorial department is placed in the hands of a gentleman whose abilities and experience as an editor and writer are well known by the American public. In discharging the duties connected with the department, he will receive, and unite with his own time and personal attention, the aid of some of the best talent in the country.

Arrangements have been made for an extensive Home and Foreign correspondence, and writers of eminence are engaged to contribute in this manner sketches of men and society, with portraits of all the variety of custom and character to be found in various parts of the world.

A striking feature in the general character of the Saturday Emporium, will be its bold and graphic

SKETCHES OF METROPOLITAN LIFE.
These will appear from time to time, illustrated by engravings, and will form a new era in the developments of society, civil social and domestic, political and public life. The evils abounding in fashionable society will be unmasked, the deep degradation of the abandoned made visible, the spirit of licentiousness which prevails to an alarming extent among all classes of the community, walking abroad at noonday with a bold front and impudent air, will be rebuked and held up for public execration. And in fine, public abuses and private evils, of whatever name or nature, will be confronted and exposed, and whatever may tend to promote the public welfare shall receive encouragement and support.

The publishers will spare neither labor nor expense in furnishing the public with a paper which shall be unequalled, in any attainable point of excellence, by any other similar publication in the world.
